

REISSUE DECLARATION

We, as the below-named inventors, hereby declare GROUP 2700  
residences, post office addresses and citizenships are as stated below  
adjacent our names, that we verily believe we are the original, first and  
joint inventors of the invention described and claimed in Letters Patent  
No. 5,745,182 issued April 28, 1998 and in the specification filed July  
20, 1994, serial number 09/559,627, and for which invention we solicit  
a reissue patent; that we have reviewed and understand the contents of  
the specification filed April 27, 2000, including the claims; that we  
acknowledge our duty to disclose information of which we are aware which  
is material to the examination of this Reissue Application in accordance  
with Title 37, Code of Federal Regulations, §1.56(a); and that no  
application for patent or inventor's certificate on this invention has  
been filed in any country foreign to the United States prior to filing  
of Application Serial No. 08/278,010 (from which Patent 5,745,182 issued)  
by us or our legal representatives or assigns, except as follows:

Japanese Patent Application No. 3-293004 filed November 8,  
1991; and  
Japanese Patent Application No. 4-181980 filed July 9, 1992.

The priority of Japanese application nos. 3-293004 and 4-181980 were  
claimed in said U.S. application and are also hereby claimed in this  
Reissue Application and certified copies are available in the patent  
file.

We further declare that we believe said Letters Patent is, through  
errors which arose without deceptive intent on the part of the  
applicants, wholly or partially inoperative by reason of claiming more  
or less than we had a right to claim in the patent. The errors relied

upon as the basis for reissue include the inclusion of the language "from a motion of at least one block unit" and "said at least one block unit being a part of said input image and comprising a plurality of pixels" in claim 1, thus making claim 1 narrower than necessary to distinguish over the prior art in at least this respect.

Every error in the patent which is corrected in the present reissue application arose without any deceptive intention on the part of the applicants.

We hereby appoint the following as our attorneys of record with full power of substitution and revocation to prosecute this application and to transact all business in the Patent and Trademark Office:

James E. Ledbetter, Registration No. 28,732; Thomas P. Pavelko, Registration No. 31,689; and Anthony P. Venturino, Registration No. 31,674.

We, as the undersigned inventors, further declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the
